This is a marketing communication. Please refer to the Prospectus of the UCITS and the KID/KIID before making any final investment decisions. The decision to invest in the fund should take into account all the characteristics or objectives of the fund as described in its prospectus.

## Investment objective

The sub-fund's objective is to deliver a greater total return than the United Kingdom's Consumer Price Index (CPI) measure of inflation +5%, after fees, over any rolling five-year period by investing with the Liquidity, Equity-type risk and Diversifier assets (LED) framework developed by the investment manager. The sub-fund aims to deliver this return with no more volatility than that of the FTSE Developed Market Index.
