Source: Financial Express, to end March 2019. *Bryn Jones, since 1 November 2004. Annual performance to end December for each of the last 5 years (in date order, oldest first) is as follows with sector (IA Sterling Corporate Bond) performance in brackets: +10.92% (+9.83%); +1.58% (-0.27%); +7.07% (+9.08%); +10.54% (+5.06%); -3.08% (-2.22%). Performance is based on a combination of I-Class and R-Class unit prices.

Medium to long-term high income and capital growth, highly competitive against other Sterling Corporate bond funds:

1. Focus on high quality (investment grade) bonds but with a performance and yield that places the fund amongst the top corporate bond funds in the sector.

2. Ethical overlay, provided by a dedicated research team provides an important and extra level of investment diligence — helping to identify problems that might affect performance at the earliest stage.

3. With an ethical overlay applied to the fund, it is suitable for ethical and charity investors alike.
What yield does the fund offer?

You are buying a bond fund for your clients where:

1. The fund offers a quarterly payout of income.
2. The fund is managed with a blend of economic and political trends and company analysis — marrying the macro with the micro research processes. Both processes are highly influenced by a thematic investment style.
3. The fund is not benchmark-constrained, unlike many of its competitors.
4. Credit exposures are ‘AAA’ maximum single issue at 5%; ‘AA’ maximum single issue at 4%; ‘A’ maximum single issue at 3%; ‘BBB and other’ maximum single at 2%.
5. The fund uses long-dated, liquid AAA-rated bonds to manage duration effectively.
6. We use the ‘four C’s plus’ process for credit selection. Character — management’s ability to react to events; Capacity — sources of liquidity and cash-flow analysis; Collateral — assets that are pledged and lastly Covenants. The ‘plus’ is Conviction — to achieve long term above average performance, investors must think differently to the market.

Manager with a strong track record
