Manager's report for the half year ended 31 March 2021

In the six months ended 31 March 2021, our fund rose 2.35%, compared with the IA Sterling Corporate Bond sector's average fall of 0.04%. At 30 September 2020, 10-year gilts yielded 0.23%; they closed on 31 March at 0.85%.

The six months under review saw big changes in the COVID-19 pandemic's impact on everyday life. Six months ago, many big economies were firmly in the grip of the pandemic and effectively shut down. Now, in the UK at least, the vaccine rollout means that something approaching 'life as normal' beckons.

Investor sentiment has pivoted from despair to optimism about the prospect of a sharp recovery as economies open up. This shift has helped global equity markets bounce back from the doldrums, while government bond yields have climbed sharply (yields move in the opposite direction of prices). As bond investors have begun to anticipate an economic recovery, and consequently higher inflation and higher interest rates in the years ahead, yield curves have steepened significantly. That's to say, the yields on longer-dated bonds have risen relative to those on shorter-dated bonds.

For the most part, we kept our duration (yield/interest-rate sensitivity) low in the fourth quarter of 2020 and going into 2021. We added some duration in November when gilt yields briefly rallied as a raft of effective COVID vaccines were announced, but scaled it back as yields retreated into year-end. We did this by trading the **European Investment Bank 5.625% 2032** and **International Bank for Reconstruction and Development (World Bank) 5.75% 2032** bonds. When the yield curve steepened again in February, we added to these bonds once more.

Over the period, we maintained an emphasis on bonds issued by selected banks and insurance companies. Some of our shorter-duration, lower-yielding financial bonds began to look less attractive as the yield curve steepened. As a result, we sold some shorter-dated bonds, like **Santander's Floating Rate Notes 2021**, South African **Investec Bank's 4.5% senior bonds 2022** and **Barclays Bank 10% bonds 2021**. But we added to our longer-dated financials, like UK insurer **Phoenix Group 5.87% 2029** (formerly ReAssure) and retirement and insurance company **Just Group 9% 2026** (previously known as JRP). In both cases, we felt these bonds offered good value for money.

One of the attractions of the financials space is the opportunity it offers to buy 'legacy' financial debt – bonds that banks and insurers issued to bolster their regulatory capital soon after the global financial crisis. As the regulatory regime changes, some issuers are buying back these bonds and replacing them with new borrowing on more generous terms to bondholders. Legacy so-called DISCO bonds are due to be phased out pretty soon as banks and insurers move over to new-style securities. This gives us scope to lock in price gains when we exchange or tender our legacy bonds with the issuers. Over the quarter, we bought legacy US dollar **NatWest Floating Rate 2.68% Perpetual-2027**.

We favoured investments that have thrived in a COVID-dominated world and which we expected to stay profitable and solvent long after the 'great reopening'. We bought US dollar-denominated bonds issued by European telecoms group **Orange 8.5% Senior 2031**. Orange has benefited from our greater reliance on technology during lockdowns. In our view, appetite for faster data speeds and better network support will likely increase even as offices, schools, shops and cinemas open up again.

When markets turn very volatile, as they did in February, it's easy to get panicked. We don't join short-term selling (or buying) stampedes just because that's what lots of other people are doing. We tune out market noise and instead stay focused on opportunities that we believe will benefit our fund's long-term return and income potential.

Notes to the interim financial statements

Accounting policies

The interim financial statements have been prepared under the historical cost basis, as modified by the revaluation of investments and in accordance with FRS 102 and the Statement of Recommended Practice (SORP) for Financial Statements of UK Authorised Funds issued by The Investment Association in May 2014 (and amended in June 2017).

All accounting policies applied are consistent with those of the annual report for the year ended 30 September 2020 and are detailed in full in those financial statements.

Portfolio transaction costs

Total purchases and sales transactions for the half year ended 31 March 2021 were £851,660,177 and £433,661,475 respectively.

Distribution tables for the half year ended 31 March 2021

Distribution tables for the half year ended 31 March 2021 *(continued)*

Notes for corporate unitholders

Corporate unitholders should read the important information on the reverse of the tax voucher in respect of this distribution. The relevant information required by a corporate unitholder is as follows:

Franked investment income	0.00%
Unfranked investment income	100.00%
Depository net liability to corporation tax	nil

Equalisation

Equalisation applies only to units purchased during the distribution period (Group 2 units). It represents the accrued revenue included in the purchase price of the units. After averaging it is returned with the distribution as a capital repayment. It is not liable to Income Tax but must be deducted from the cost of the units for Capital Gains Tax purposes.

Directors' statement

This report is approved in accordance with the requirements of the Financial Conduct Authority's Collective Investment Schemes Sourcebook.

MM Webb JR Chillingworth
for Rathbone Unit Trust Management Limited
Manager of Rathbone Ethical Bond Fund
28 May 2021

General information

Authorised status

The Rathbone Ethical Bond Fund is an authorised unit trust scheme, authorised by the Financial Conduct Authority on 29 October 2001 and launched in May 2002.

It is a 'UCITS Scheme' authorised under Section 243 of the Financial Services and Markets Act 2000, and the currency of the fund is pounds sterling.

Investment objective, policy and strategy

The objective of the fund is to deliver a greater total return than the IA Sterling Corporate Bond sector, after fees, over any rolling five-year period.

There is no guarantee that this investment objective will be achieved over five years, or any other time period.

We use the IA Sterling Corporate Bond sector as a target for our fund's return because we aim to consistently outperform the average return of our competitors.

When picking our investments, there are three assessments we make. First, we look at the economic environment to determine which industries we want to own and the duration of our investments. Then we use the Four Cs Plus approach to evaluate creditworthiness. We assess:

Character: Whether a company's managers have integrity and competence

Capacity: Ensuring a company isn't over-borrowing and has the cash to pay its debts

Collateral: Are there assets backing the loan, which reduces the risk of a loan

Covenants: These loan agreements set out the terms of the bond and restrictions on the company

Conviction: The Plus: We think differently to the market; sometimes contrarian, sometimes sceptical of orthodox thinking, but always opinionated

Meanwhile, Rathbone Greenbank, an ethical research division of our company, assesses potential investments against positive and negative social and environmental criteria. Finally, we compare prices to determine the best value bonds to include in our fund.

To meet the objective, the fund manager will invest at least 80% of our fund in corporate bonds with an investment-grade rating (AAA to BBB-). The remaining 20% of the fund is invested in corporate bonds with a credit rating below BBB- or with no rating at all.

Up to 10% of the fund can be invested directly in contingent convertible bonds.

The fund may invest globally but at least 80% of the portfolio will be invested in sterling denominated assets or hedged back to sterling.

Derivatives may be used by the fund for investment purposes, efficient portfolio management and hedging. The use of derivatives for investment purposes may increase the volatility of the fund's Net Asset Value and may increase its risk profile.

The manager may use all investment powers as permitted by the prospectus, outside the ranges described above, to ensure the fund is managed in the best interest of investors in times of market irregularities or stress.

The fund may invest at the fund manager's discretion in other transferable securities, money market instruments, warrants, cash and near cash and deposits and units in collective investment schemes. Use may be made of stock lending, borrowing, cash holdings, hedging and other investment techniques permitted by the FCA Rules.

The manager will apply ethical criteria and screening in order to avoid investing in companies involved in specific activities or engaged in behaviour that is considered to be of concern to ethical investors. The fund will seek to invest in companies that are aware of their wider responsibilities to society and the environment.

Further details in relation to the current ethical and sustainability criteria may be obtained by contacting Rathbone Unit Trust Management. Investors should be aware that these criteria may change over time. Product reference number: 196624.

Valuation of the fund

The fund is valued on each business day at 12 noon for the purpose of determining prices at which units in the fund may be bought or sold. Valuations may be made at other times on business days with the Trustee's approval.

Stewardship code

Rathbone Unit Trust Management Limited fully supports the UK Stewardship Code sponsored by the Financial Reporting Council. Our statement on complying with the code can be found on our website: rathbonefunds.com

Buying and selling of units

The Manager is available to receive requests for the buying and selling of units on normal business days between 9.00am and 5.00pm and transactions will be effected at prices determined by the next valuation. Application forms for the purchase of units (obtainable from the Manager) should be completed and sent to the Dealing Office. In respect of telephoned orders, remittances should be sent on receipt of the contract note. Contract notes confirming transactions will be issued by the close of business on the next business day after the dealing date. Purchasers of units are required to enter their registration details on the form supplied with their contract note. Once units are paid for these details will be entered on the unit register.

Units can be sold by telephone, fax or letter followed by despatch to the Dealing Office of the authorisation to sell duly completed by all unitholders.

In the absence of clear written instructions signed by all the registered holders, a Form of Renunciation will be sent out together with the repurchase contract note. This will need to be signed by all registered holders, and returned to our Dealing Office before settlement can be made. Settlement will be made on whichever is the later of four business days after the dealing date or four days after the receipt of written confirmation.

Unitholders may sell units on submitting the purchase contract note and a duly executed Deed of Transfer. The issue and redemption of units will not take place if dealing in the units is suspended by operation of law or any statute for the time being in place.

The minimum initial investment for R-class units is £100,000,000. The minimum initial investment for I-class units is £1,000. The minimum initial investment for the S-class units is £100,000,000.

Thereafter holders may invest additional amounts to the value of £500 or more from time to time as they wish. Any number of units may be subscribed, sold or transferred so long as transaction complies with applicable minimums.

There is no preliminary charge for R-class, I class or S-class units.

The Manager currently receives an annual remuneration for managing the R-class property of the fund at the rate of 1.25%.

The Manager currently receives an annual remuneration for managing the I-class property of the fund at the rate of 0.625%.

The Manager currently receives an annual remuneration for managing the S-class property of the fund at a rate of 0.49%.

For more information on our charges, please visit the fund-specific pages of our website: rathbonefunds.com

Statements

A distribution statement showing the rate per unit and your unit holding will be sent semi-annually on 31 May and 30 November.

The current value of your units is shown on a valuation statement, which shows the number of units bought over the previous six months, the total number of units in your account and their current value.

Twice yearly on 31 March and 30 September, unitholders will receive a consolidated statement showing, where applicable, their Unit Trust, ICVC and ISA holdings for each fund held.

Prices

Prices are available on our website rathbonefunds.com

Other information

You can see the Trust Deed, the Key Investor Information Document and Supplementary Information Document, the Prospectus and the most recent half yearly report of each fund at the registered offices of the Manager. Copies of the Prospectus, Key Investor Information Document and Supplementary Information Document, and the most recent half yearly report of each fund may be obtained free of charge on application to the Manager.

The Register of Unitholders can be inspected during normal business hours at the office of the Registrar, SS&C Financial Services International Limited, SS&C House, St Nicholas Lane, Basildon, Essex SS15 5FS.

Further copies of this report are available upon request, free of charge, from Client Services Department, Rathbone Unit Trust Management Limited, 8 Finsbury Circus, London EC2M 7AZ.

If you have any queries or complaints about the operation of the fund you should put them to the Compliance Officer, Rathbone Unit Trust Management Limited, 8 Finsbury Circus, London EC2M 7AZ. Any complaint we receive will be handled in accordance with our internal complaint procedures. A copy of these are available from the Compliance Officer.

If you have occasion to complain, and in the unlikely event that you do not receive a satisfactory response, you may direct your complaint to the Financial Ombudsman Service at Exchange Tower, London E14 9SR. Further details about the Financial Ombudsman Service are available on their website at financial-ombudsman.org.uk.

ISA eligibility

The fund has been managed throughout the year to ensure that it is eligible to qualify and be included in an Individual Savings Account (ISA). The fund will at all times be invested in such a way that the units will constitute 'Qualifying Investments' for the purposes of the Individual Savings Account (ISA) Regulations 1998, as amended from time to time.

Risk factors

An investment in a unit trust should be regarded as a medium to long term investment. Investors should be aware that the price of units and the revenue from them can fall as well as rise and investors may not receive back the full amount invested. Past performance should not be seen as an indication of future performance. Investments denominated in currencies other than the base currency are subject to fluctuation in exchange rates, which can be favourable or unfavourable.

Value Assessment

Our regulator, the Financial Conduct Authority (FCA), has asked us to assess the value of our funds. Assessing value is much more than just looking at the fees you pay or the performance of your fund in isolation. Considering this, we have designed an assessment which looks at nine criteria.

We have also appointed an independent research firm, Square Mile Investment Consulting & Research, to provide an impartial report on the value our funds offer compared with the market.

It is the responsibility of our board of directors to consider the outcomes of these assessments, ensure they are clear and fair, and then communicate to you, our investors, if we have delivered value or, if not, where we need to improve.

You can view the value assessments for the Funds four months after their period end on our website rathbonefunds.com

Other funds

Rathbone Unit Trust Management Limited is also the Manager of the following funds:
